

March 31, 2020

Dear Valued Guest,

Customer and employee safety is our top priority. We take our community's health and well-being very seriously.

We recognize that the COVID-19 virus has forced all of us to be extremely mindful of our decisions and activities. Beginning on Saturday, April 4th, we will resume regular business hours and operations.

We will be continuing to limit the number of guests in our clubhouse and ask that all guests and employees practice social distancing at all areas of the range. Upcoming events may continue to be effected and we will be communicating those updates as decisions are made.

We are following Center for Disease Control COVID-19 protocols in cleaning, handwashing, and requiring that all employees stay home in the event of illness.

While this dynamic situation continues to change, we will be regularly updating our website and with decisions that impact our business and your recreation needs. Please check back frequently for updates.

Sincerely,

Colorado Clays LLC
